**TOBACCO SALES
OVER 5 MILLION
LBS. MORE IN 1941**

Increases of Various Floors In District

Tobacco sales for this year at the loose leaf floors in this district were 5,118,481 pounds more than they were last year, according to a report released this week by L. L. Veale, general manager of the Western Dark Fired Tobacco Growers' Association.

Increases of the various floor areas: Murray, 2,133,070 lbs.; Mafield, 2,233,792 lbs.; Paducah, 2,562 lbs.; and Paris, 502,057.

Mr. Veale, in his report, said

"We accepted 1700 new members and handled 72.6 per cent of the tobacco grown in 1940 in the Western District, a total of 18,156,660 pounds. As for the Western growers' members on \$912.2 pounds of tobacco at an average of \$7.50 per cwt.

"We have made this year, first distribution on the 1931 crop tobacco and at a previous date we made final distribution on the 1932 crop. This record is much

"We have gained the respect and confidence of all the Loan Agencies and the high dealings with all of them have been highly commensurate. We have been highly commensurate with them on the way our Association has been operated in the past, and on our effort and willingness to sell tobacco at all times. We have been especially praised by Dr. E. Hutson, who is now with the United Commodity Credit Corporation, the agency which handles our financial arrangements and prepares our schedule of advances. Dr. Hutson has been especially nice to us in this way."

sociation will be able to carry on in the future, and keep on in a high plane as it has in the past which I am sure it will. It is my opinion that the Association will be able to get a higher advance this year due to the crop reduction and to a law that has been passed which permits the Commodity Credit Corporation to loan up to 85 per cent of parity. It formerly was 75 per cent parity."

Of Contestants

with candidates appearing on every available sign post, barn and telephone pole.

Twenty-eight candidates have officially announced in the Ledger & Times subject to the action of the Democratic primary to be held August 2.

L. Robertson, Charlie, Adam Wendell Patterson and Carl Kingins complete the slate for sheriff and... present indications are that these four gentlemen will be entering.

With Mary Russell Williams incumbent, having as opposition Celia Hart Crawford, L. F. Thurmond announcing today seems to close the books on the contest.

The office of County Judge will be split off between J. R. Scott, A. Hale and Garland Neale. No other candidate having announcements to date.

Nat Ryan Hughes and R. H. Hood have announced for County Attorney with A. H. Kopperud, local attorney, tossing his hat into the ring this week, to complete the entries.

The office of Jailer seems to have the largest field with Prentice Hart, Noby T. West, R. E. (Robb) Lamb, John R. Hutchinson, Charlie G. Jones, Jim McDaniels

Ed C. Rickman and William F. "Jake" Dunn having announced their marriage, the following are J. W. Stufflebein from Cornsboro District; W. H. Broach, Murray District; R. L. Ellison, Wadsworth District; George W. Jonehoe, Swann District; B. H. "Harvey" Dixon, Lexington District; and J. W. Brinkley, Independence District. Three of our friends in Ethaw, Iowa, P. F. Waters, J. H. Coleman, and D. D. Crass are asking endorsement for Tax Commissioner. The Ledger and Times has very reliably informed that several more will announce at an early date from this office. Nine more were expected to remain for the spring from the looks of the field. Callaway County is due for many handsome shares before August. 2 rolls

Diversified farming for Calloway County.

Diversified Farming for Calloway!

Diversified farming for Calloway County, the slogan of this newspaper, is rapidly becoming a county-wide one. It is not now a question so much of doing better farming in 1941, but with vanishing markets for our old stand-bys it is really becoming a serious problem. Like Br'er Rabbit, we are "obliged to climb the tree." Exports of cotton and dark tobacco have shrunk to disastrous lows, and even burley can hardly be looked upon to be in a favorable position. Certainly all of us who have been depending on these crops as an important source of income must revamp our plans to some extent, at least by: First, growing more of our living at home as a means of reducing expenses; or, Second, bolstering our livestock production as a means to replace some of the losses as a result of giving up or reducing these crops.

Someone suggests, just as we have 4-H clubs for the boys, that we establish 3-H clubs for men—Hens, Hogs, and Heifers. Let us take the three states, Indiana, Illinois, and Iowa, and compare them with Tennessee, Kentucky, and West Virginia. We have over 3,000 more farms in our three than the other states, but they have nearly three times as many milk cows as we have. They have a comparison twice the income from farms as we who haven't diversified our crops. Certainly they are no better farmers—not even having the staple crop of tobacco as we have always produced. But they have learned during the years when their own staple crop, corn, was begging for markets that diversification was their answer. Through necessity they had to use their government agencies and farm agents to help them pull out of the hole. Let us present this thought: This is June Dairy Month. Your government and state agencies are filled with helpful suggestions as to how you can secure daily revenue from just one of the three H's. Why not consult with them about the whys and wherefores of this year round producer of revenue? Why not consult with the milk buying organizations here in Murray about how you can turn old Bess and Bossy into a steady income for you and yours? The Federal government is steadfastly behind a market in this area and will keep prices high. All agencies are crying for more dairy products and Europe is closed as an output market. Let's face the fact, let's begin with this program and take the steps that will in the years turn our lands into greater productive value and will place the good old American dollar where it will do the most good—in your pocket.

Federal defense means more than men in the field of battle. It means men in our farm fields producing food-stuffs to sustain the life line.

WHO?

Identify This Person For a \$1.00 Prize

For giving us the most complete description of the person whose picture was on last week's Ledger, the prize is yours. Send in your answer to Mrs. D. C. Outland, Route 3, Murray. The text of her letter follows:

"The picture which appeared in your column of June 1st, 1941, was of Miss Helen Hatcher, daughter of the late W. T. Hatcher and Mrs. Lorena Hatcher."

Miss Hatcher, graduated with honor from the Murray High School in 1927. She received her A.B. degree with high distinction from Murray State College in 1930 and her M.A. degree from George Peabody College, Nashville, Tenn., in 1932. She has later done additional work toward the Ph.D. degree.

Since graduation from Murray State College in 1930, Miss Hatcher has been teaching in Paducah, Kentucky, where she is now employed as head of the English department of the Washington Junior High School. During the summers of 1934 and 1935, she was a member of the faculty of Murray State College, where she taught in the Geography department.

In January of 1937, Miss Hatcher received an invitation from Dr. F. C. Grace inviting her to teach in the Geography department of Western State Teachers College, Bowling Green, Kentucky, during the summer. She accepted the position and has since been teaching there.

For two consecutive years, 1939 and 1940, Miss Hatcher was president of the Paducah Junior-Senior High School. She is a member of the Pi Gamma Mu, a national honorary society in education, and the Kappa Delta, a national honorary society in education. She takes an active part in the Paducah chapter of the United Daughters of the Confederacy.

She has taken an active part in both the Kentucky Council on Geography Teachers and the State Council of Social Science and has appeared on programs of these organizations in Louisville, Murray and Bowling Green.

Since Miss Hatcher was eleven years old she has been a member of the Elm Grove Missionary Baptist Church, where for many years she served as secretary of the Sunday School.

Her mother, Mrs. W. T. Hatcher, lives four miles east of Murray on the Fowler's Ferry Highway. She has one sister, Miss Mildred Hatcher, who teaches English in the Paducah High School, Paducah, and one brother, Charles Hatcher, who lives in Paducah, Kentucky.

See if you can identify this person. Remember that everyone except employees of this paper are eligible to enter this contest. Get your entries in to us by 5 P.M. Monday in writing.

A THOUGHT FOR TODAY ON "LIBERTY"

Do we want a liberty, claiming the right and liberty to take from the weak because we are strong? To exploit the masses or the classes? To enforce our will to the disregard of the wishes or rights of others? Certainly not. Yet the affirmative answer to these questions would be a form of liberty in the individual. Such is not the American liberty we glory in though.

The liberty Americans glory in and are willing to die for, was not created by a Constitutional edict or decree. It was created by the rights and guaranteed rights of the individual.

The Master declared the liberty when He said the greatest commandment was "Love thy neighbor as thyself." In as much as we have done it unto the least of these, we have done it unto me. Our is a liberty of service, a recognition of the brotherhood of man, and the mutual rights and liberties to all, and our mutual independence, each upon another.

YOUR HEALTH

By DR. J. A. OUTLAND

CLEAN MILK

Milk is the most perfect food. It is nature's food for the young. Milk contains all the necessary elements for growth and development. It contains protein for the development of muscles and other tissues; fats and sugars for the body; and vitamins, which are essential for growth and health. So we have given to us milk, which is a balanced diet within itself.

"Milk, as it is first milked, contains a very small number of bacteria. These bacteria count may be kept low if the milk is properly cooled, stored, and handled."

Milk must be handled in the most perfect manner if it is to be the perfect and healthful food.

Precautions during milking time: Clean udders and flanks, and clean bottles, barn to milk in, are essential.

It is very important item in the production of clean milk is the proper type utensils in which milk is stored. Stainless steels, enameled, and other materials are necessary. Of course, the proper cleaning of this equipment is also necessary.

Milk, of course, should at all times come from good, healthy cows.

To insure better health and vitality and make America strong, drink good, pure, clean, and wholesome milk.

This Week In Defense

President Roosevelt, stating the European War is "coming very close to home," proclaimed an unlimited national emergency. The President called upon "all loyal citizens to place the nation's need first in mind and in action" and said "the nation will expect all individuals and all groups to play their full parts, without stint and without selfishness."

Speaking over the radio, the President said it is the U. S. Policy to give "every possible assistance" to our allies. He said "we will never measures are necessary. He also said U. S. will not accept a Nazi-dominated world and will resist any German attempt to gain control of the seas or bases which could be used for an attack on the Western Hemisphere."

OPM Director of Purchases Nelson, speaking at Baltimore, said Germany is producing war materials at a rate of \$50,000,000,000 a year. British production is at the rate of \$15,000,000,000 a year and the least we can do is to see to it that British and American production together will top \$50,000,000,000.

Mr. Nelson said "by throwing himself and his business into the defense program a business man risks something; by staying out he risks everything—not merely his business but the framework in which it is conducted, the set of economic and political arrangements which make the very existence of his business possible."

Labor Secretary Perkins appointed a three-man committee, including the Chairman of the Mediation Board and the Chairman of the War Relocation Authority, to select disputes to be referred to the Board. The U. S. Conciliation Service reported a settlement of 23 additional strikes.

Selective Service

President Roosevelt proclaimed June 1 as Selective Service registration day for all men who have become 21 since the first registration on October 16, 1940. Selective Service Director, General Hershey, asked local boards to give serious consideration to individual claims for deferment of men engaged in agriculture. Gen. Hershey notified an adequate supply is becoming a serious problem, particularly along the Atlantic seaboard, in Ohio and Michigan, and parts of the Illinois, Wisconsin, Minnesota and Arizona.

Army

Army Chief of Staff Marshall announced that training maneuvers this summer and fall are designed to create an "all-purpose" force capable of operating in the Arctic, the tropics, in deserts or mountains. He said every man must be given basic infantry training because he can "pull his weight" as a specialist.

Undersecretary of War Patterson

speaking in New York, denied charges the Army is diverting much time to basic training. He said "ours is not a mass Army, staking its success on sheer weight of men and machines." He said the ratio of infantry to air service—nine to one in 1917-18—is now almost one to one and "our plans call for a higher proportion of armored and motorized units than Germany has today."

Navy

President Roosevelt approved legislation authorizing the purchase or construction of 58 additional auxiliary ships. The Maritime Commission began immediately acquisition of the vessels, including the 21,000-ton "America," largest liner, ever built in the United States. The Navy asked Congress to grant naval commanders authority to "take whatever steps they deem necessary" for proper protection of the naval forces in the U. S. territorial waters.

Navy Secretary Knox

announced the Navy will open 23 schools for training regular and reserve enlisted men as petty officers. Mr. Knox estimated 174,500 of the Navy's 256,000 enlisted men will be petty officers by July 1. The Navy also announced a three-month course at Harvard to train 400 college graduates as supply officers.

Air

The President asked Congress for an additional \$2,700,000,000 for planes for the Army and \$20,000,000 for planes for the Navy. The War Department announced that construction of new Air Corps schools is "proceeding much faster than expected," with eight of 100 stations already completed, and 22 partially completed. Some of the fields the Department said were completed in three months.

The Air Corps

announced that examination of 97 applicants for flying cadet appointments who have not had two years of college have been changed to include seven instead of nine subjects, with two of the subjects elective.

Pilots for Britain

War Secretary Stimson announced arrangements to train 8,000 RAF pilots, bombardiers and navigators in U. S. civilian and Army schools. The U. S. will delay payment of the cost from loan funds. Mr. Stimson said the program would not interfere with U. S. pilot training.

The Maritime Commission

awarded contracts for 123 additional merchant vessels. To date, the Commission has 850 ships have been ordered—312 emergency vessels, 35 cargo ships for private concerns, 72 tankers and 60 ships for British contract. The Commission said the first of the emergency ships will be completed by

November, a month ahead of schedule.

Congress voted the President authority to requisition foreign ships in U. S. ports.

Materials

A sample campaign to test effectiveness of scrap material collection by the public is being conducted in Richmond, Va., and Madison, Wis., under the direction of local defense councils. If the campaign is successful, the OPM said, it may be made nationwide. In the meantime, citizens in other areas were asked to refrain from similar campaigns.

Nutrition

Agriculture Secretary Wickard told the National Nutrition Conference for Defense "at least three-fourths of us do not have satisfactory diets. He said "we need to consume twice as much green vegetables and fruit, 70 per cent more tomatoes and citrus fruits, 35 per cent more eggs, 15 per cent more butter, 20 per cent more milk."

Surgeon General Parran

of the Public Health Service recommended the following minimum daily diet: one pint of milk for an adult and more for a child; at least one serving of meat, one egg or substitute, two green vegetables, two fruits rich in vitamin C, bread and cereal, butter or oleomargarine, and "other foods to satisfy the appetite."

Defense Housing

President Roosevelt approved construction of 9,900 additional dwelling units for civilian industrial worker families and Army and Navy enlisted personnel in 32 localities, and use of 274 trailers, pending from \$6 to \$8 per week, as temporary housing in defense areas. Defense Housing Coordinator, Palmer reported total allocations for family dwelling units to be 87,260 as of May 24. During the week ended May 24, 1,000 homes were finished making the total completed 12,261, Mr. Palmer reported.

Labor Secretary Perkins

reported more dwelling units were provided in non-arm areas during the first quarter of 1941 than during any corresponding period since 1929.

Local Man's Birthday on Important Date in History

Opening of Canal Saw Birth of Local Theatre Man

Do you remember the day the Panama Canal was opened? It was back in 1914, August 15, the exact date. On that day one of our prominent local citizens was born. Do you know who? In order to keep you from guessing futilely, I'll tell you. It was none other than Barney Weeks.

Barney, as practically everyone calls him, is assistant manager of the Varsity and Capitol Theatres in Murray. He took a fancy to theatre work in 1935 when he was in Washington, D. C. He worked with various showboats there and became quite attached to the business.

In 1938 Barney came to Murray with his wife, the former Jean Love, whom he had married on October 28 of that year. Soon after his arrival here he started into the theatre business and was quickly given the position of assistant manager.

Winston-Salem, N. C., was where Barney went to school. He says he can remember very well those school days back there in the tobacco state.

Barney is a member of the Church of Christ and he is a pretty regular attendant at that church. He is Senior Deacon in the local Masonic Lodge.

Golfing is enjoyed by Barney, as

well as horseback riding and many other sports of all sorts. He likes to dance.

Jean, Barney's wife, is a beautician. He says that is the reason for his good looks! She works on him just as she does her other customers!

Barney was born in Durham, N. C., the son of Howard L. and Sarah C. the son of Howard L. and Sarah C. the son of Howard L. and Sarah C. the son of Howard L. and Sarah C.

ALVIN H. KOPPERUD ANNOUNCES FOR COUNTY ATTORNEY

FELLOW CITIZENS OF CALLOWAY COUNTY:

I have resigned my position with the Tennessee Valley Authority, which precluded my participation in a political campaign during such employment, and I am now in a position to formally announce my candidacy for the office of County Attorney of Calloway County, subject to the Democratic Primary on August 2.

I cannot claim Calloway County as my birthplace, for I was born in the State of North Dakota, as were my parents, my grandparents being among the pioneers of the Red River Valley of that State. In fairness to our mothers we cannot rightfully claim credit for our birthplace, when we exerted not the slightest influence as to that selection. However, I can and wish now to claim credit for voluntarily choosing Calloway County as my home after attaining an age of discretion and having travelled the length and breadth of this land before making that decision. This community, characterized by its neighborly people, temperate climate, fine schools and churches, holds for me those attributes which I prize most highly, and explains my choice of Calloway County as home.

My early years were spent on the farm, my early education obtained in the familiar country school. I have been a citizen of Kentucky for the past ten years, having graduated from Northwestern University as president of my class in 1931, and coming to Kentucky that year. I received my legal training at the University of Virginia Law School, leading law school of the South, from which I graduated with honors. My parents, by sacrificing as only parents can, were able to finance the early part of my college training. I worked and paid my own way, assisted by an occasional scholarship, to procure the larger part of my college education, including all my legal training.

I married Hallie Rudolph, only daughter of Willard D. Rudolph and Ella Payne Rudolph of McCracken County. I came to Calloway County prompted only by a desire to successfully practice my profession and make this my home. I was associated in the private practice of law with J. H. Coleman until last August when I accepted a position as field attorney with the Tennessee Valley Authority, my duties being to correct defects in titles to land being acquired in this area. This work has taken me out among the people of the county and afforded me exceptional opportunities for rapidly becoming acquainted with the people and the lands of Calloway County. Incidentally, the qualifications required by this Federal agency as to the character and ability of its attorneys need only be mentioned in passing. I had one vital reason for resigning my position to become a candidate for the office of County Attorney—it would necessarily have been only a matter of months before I should have been transferred to other localities, and I mean to remain a citizen of this County.

Since coming to Calloway County I have diligently tried to assume my share of community responsibility. I am at present a trustee of the Murray Presbyterian Church; I have for two years served as Calloway County Chairman of the campaign to raise funds for helping the unfortunate victims of infantile paralysis in our own community as well as elsewhere. Politically, I have always been a loyal Democrat; I have served as secretary-treasurer of the Young Democrats of Calloway County, and as a delegate to the State Democratic Convention last year.

I come to you now, a young man of thirty-two, seeking only the opportunity you would cherish for your own sons—an opportunity to prepare the groundwork for a lifetime of future service in my chosen community and profession. The office of County Attorney has always been considered a stepping-stone for young attorneys ambitious for the respect and acclaim of their fellow citizens. Should you see fit to elect me to this office, I pledge you my most diligent efforts to serve you honestly, efficiently, and courteously. I promise to represent the public interest at all times without fear or favor, and to uphold the rights of the weak and oppressed, white or black. I shall continue to hold integrity of person and position over material gain. The solemn realization that the success of the career still before me would depend in large measure on my actions during my tenure of office is the strongest conceivable guarantee that these pledges would be fulfilled.

I have no relative in this county, for whom I could cherish political favors, and no political henchman to claim obligation or special privilege if, as, or when I take office.

Your vote and influence will ever be appreciated and your trust in me never violated.

Respectfully yours,
ALVIN HANLEY KOPPERUD.

A New FHA Home Loan Program Now Available!

This new Federal Amortizing type of loan, especially fitted to the small-income group, will enable thousands of homes to get under way within the next few weeks, according to Federal housing authorities.

This move is in the true nature of building America's defense lines with a substantial home background to house those who are aiding in supporting the active forces of the United States Army.

Murray is the center of defense plans in this section, being ideally located near the Gilbertsville Dam which will figure largely in governmental plans and, being thus located, falls in an area qualified for this type of loan for building. Why not discuss your building or remodeling problem with us, where adequate information can be given you that will enable you to become a home owner in your own right? We will be glad to show you how easy it is to own a home at such a small consideration per month... actually in some cases lower than paying rent for the same kind of house. Consult with us today... you owe it to yourself and family to know more about this new "once in a lifetime" opportunity.

W. C. Robinson Seeks Endorsement For Magistrate

To the Voters of The Wadesboro Magisterial District:
I take this opportunity of announcing my candidacy for endorsement as your magistrate in the forth coming democratic Primary on August 2, 1941. I believe that my record as your Magistrate in the past gives me sufficient reason to again ask you good people to give me one endorsement.

I have worked diligently and faithfully to the best of my ability that I might give you a good administration and it has been customary to endorse a public official at least one time. I have endeavored to distribute the road fund allotted to my district as fairly as conditions permitted. Trying at all times to use the small amount of money received as near to all as possible or in every part of the district. I have never failed to go any where when called on to see about the bridge or road.

I invite my friends and neighbors in the Wadesboro district to inspect my record. Then I am certain you will again honor me by electing me as your magistrate. Trusting I will see each and every one of you before August 2, I am Very truly yours,

W. C. ROBINSON

RUPTURE SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at Irving Cobb Hotel, Padesboro, Wednesday, only June 11, from 8 A.M. to 6 P.M.

Mr. Shevnan says: The Zotic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthen the weakened parts, thereby closing the opening in ten days on the average case regardless of heavy lifting, straining or any position the body may assume no matter the size of the rupture. A nationally known method. No under straps, no bandages, no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

TWENTY-EIGHT CANDIDATES IN COUNTY RACES

Jailer Contest Offers Largest Numbers Of Contestants

Swinging into the first week of June the county political races appear to be getting well under way with candidates appearing on every available sign post, barn and telephone pole.

Twenty-eight candidates have officially announced in the Ledger & Times subject to the action of the Democratic primary to be held August 2.

L. Robertson, Charlie Adams, Wendell Patterson and Carl Kingins complete the slate for sheriff and present indications are that these four gentlemen will be all entering.

With Mary Russell Williams incumbent, having as opposition Colla Hart Crawford, L. F. Thurmond announcing today seems to close the books on the contestants for the office of County Court Clerk.

The office of County Judge will be run off between J. R. Scott, C. A. Hale and Garland Neale. No other candidate having announced to date.

Nat Ryan Hughes and R. Hall Hood have announced for County Attorney with A. H. Kopperud, local attorney, tossing his hat into the ring this week to complete the entries.

The office of Jailer seems to have the largest field with Pre-

nce Hart, Nobb T. West, R. H. (Rob) Lamb, John R. Hutchens, Charlie G. Jones, Jim McDaniel, Ed C. Rickman and William H. "Jake" Dunn having announced through this paper.

Magistrates having announced are J. W. Stubblefield from Concord District; W. H. Broach, Murray District; R. L. Ellison, Wadesboro District; George W. Jones, Swamp District; B. H. "Harvey" Dixon, Brinkley District.

The City Judgeship has three offering in Ethan Truan, P. F. Waterfield and J. H. Coleman.

D. D. Crass is asking endorsement for Tax Commissioner.

The Ledger and Times has been reliably informed that several more will announce at an early date for various offices. Nine more weeks remain for campaigning and from the looks of the field Calloway County is due for many handshakes before August 2 rolls around.

Another Beautiful Murray Home

Another picture of a recently build home on Olive Blvd., showing the type of home that can be built at a small cost. This home is modern in construction, having all available features and comforts. A home similar to this can be built through the new FHA amortizing type of loan for a few dollars a month.

HOME

Home, the magic word that has built a great and strong nation. Since the hewing of logs to build the first Pilgrim homes in our land by our hardy forefathers, "home" has been a symbol of American independence, strength, initiative, and character. Every substantial authority will tell you that the family who owns its own home is the backbone of our nation. There is a feeling of pride in home ownership that reflects itself in affairs of community, state, and nation—in our schools and in our churches. A family in its own home is quick to sense human and intrinsic values.

Our back log of homes has held our great nation together through lean years and years of prosperity, and has remained the one value that has not substantially changed.

Besides the many financial benefits in owning your home, there is that sense of security and that just pride in the knowledge of your importance to your community.

There never has been, and probably never will be, the opportunity to build a home in Murray as reasonably and as easily financed as now through the new FHA appropriation recently authorized by our beloved President, who, even in this horrible world crisis, pauses to set up the machinery to release easily available funds for all to build homes; realizing that now, as in the past, the future of our nation depends on home and, too, because of his realization that homes develop the substantial human values so necessary to a great nation struggling against almost insurmountable difficulties.

Let us pause and reflect upon this home ownership—what it means to us, our families, our friends, our neighbors, and our nation. Most of us have entertained a yearning for a home of our own, promising ourselves that someday we were going to do something about it. Today—and now—is the accepted time. Why hoard your rent receipts, wander gypsy-fashion from house-to-house—a nomad—seeking the comforts and conveniences you will never find except in a home of your own? Why not take the same amount you are now paying for rent and use it to pay for your own home—new, clean, and modern—with all the little comforts you and your family have wanted and deserved these past years?

Dr. Richmond, in a recent interview, enlarged upon a statement by Mayor Hart regarding "A City of Homes", which was recently published in this paper, by stating:

First, let me say what our college means to Murray, and then you will understand that our opinion is of some importance in such a matter. The Murray State Teachers College, since it was founded here in Murray has brought to our community a great wealth in both money and human values. Some \$104,000 was originally invested in the first administrative building. Since that time, to date, in excess of \$2,262,939.43 has been spent in construction, and another building is immediately contemplated at a cost of \$125,000—a total investment in your community of over \$2,387,939.43.

This building program was, and is being done, in Murray largely through local dealers. Second, a great institution such as this must maintain a large, faculty and maintenance division. This, with our student body, brings an influx of over \$400,000 annually to the businesses of our city.

A city of homes with all that it implies, lends a substantial invitation to both parents and students to send and attend Murray State Teachers College, while environment means much—the providing of character and citizenship. Families who are seeking a cultural background for their sons and daughters on visiting our city are enthralled and assured as they drive through our modern, paved, well lighted, and clean streets, lined with modern, substantial homes, attractively kept lawns and gardens. Here are few mansions and little awe-inspiring pomp-fattig, substantial homes that represent a substantial citizenship gifted with civic pride and civic responsibility. Good, "homey" citizens must permeate this community, is and must be, the thought of a visitor or prospective resident of Murray.

The above statement means much to a prospective home-buyer in Murray. It guarantees property values in no uncertain terms. Here property will never be subject to the inflation or decline as is possible in industrial centers throughout our nation. Our college is growing and our home investments will grow substantially with it.

"Take it from me... it's the
PERFECT PAINT"

Watch it put a smile on your House!

SHERWIN-WILLIAMS SWP House Paint

What's the personality of your home? Shabby, "down-at-the-heels," sullen? Or well-dressed, up-and-coming, cheerful?

Whichever it may be, the way that house you live in looks is the way it "rates" you. Like it, or not, people know you by your home, as well as by the

clothes you wear, the company you keep! Give your house a break—and it will give you one! All you need is beautiful, durable Sherwin-Williams SWP House Paint—applied the more effective, more economical SWP "Two Step Way"...

STEP 1: SWP Undercoater No. 450—first step to a beautifully painted home. This new-type paint primer seals, "blankets" and unifies the "toughest" surface, with a single, quick, money-saving coat!

STEP 2: SWP House Paint—Over the remarkably uniform coat of SWP Undercoater, all you'll need for a perfect two-coat paint job is just one coat of beautiful, protective, lasting SWP House Paint.

FUME RESISTANCE—helps SWP keep that fresh "first-day-painted" look. Thanks to special, fume-resisting pigments, SWP keeps its beauty longer under the attacks of sulphur fumes present in all city and suburban air.

WASHABILITY—saves at least one repainting. Smooth and glossy when it's first painted on, SWP keeps its smoothness, can be washed quickly, easily, repeatedly—without harm to its tight, extremely durable surface.

SEE—hundreds of beautiful homes color-styled with SWP House Paint in the amazing Sherwin-Williams Paint and Color Style Guide. You can borrow this giant portfolio of full-color photographs of homes and rooms! Just ask us!

**IT'S fun
TO BUY A HOME**

It's a great day when you step out of the dream and step into your new home! It was fun dreaming your new house—more fun planning it, but when you take possession, that tops anything you ever imagined! And possession opens the door to new adventures.

You'll make changes here and there as time goes on, buy new gadgets for kitchen or bathroom. You'll putter in the basement or yard. You won't be satisfied to leave things as they are—not for long. That's why we are building better homes today in our town—better homes for less money. It's fun, too, improving and modernizing an older place. Because we Americans are not satisfied to leave things as they are. We don't like to drift along. We're accustomed to exerting personal effort—individual initiative to get things done the way we want them done.

That restless individual spirit is the spirit of America. It is freedom to work and build and live as we choose. It is active freedom. That is the spirit of American industry, the spirit of free enterprise.

We all have it. It's in our blood. That's why it's fun to buy a home.

E. L. Housden Makes Announcement

Four years ago I promised the people of my District that I would make the race for Magistrate. For personal reasons I withheld my name until this year's Primary. Now I feel that it is time to make the appeal to my friends and neighbors for this support for a position that some people may think unimportant.

Your Magistrate is an important official. He has complete control of all the Road Funds that are allocated to your District. Your Magistrate should see that they are divided equally and all of it spent in his District. I promise that I shall spend the money that is appropriated to the Murray District equally and without favoritism.

I realize that my announcement is appearing a little late, but I assure you that I am making this race as deadly as I can. If I should fail to see a single voter in the Murray District, please consider this as a personal appeal for your vote and consideration on August 2, 1941.

Respectfully submitted,
E. L. HOUSDEN

RICHMOND HEADS
CHINA RELIEF IN
THIS COUNTYCampaign Has Job of
Raising 5 Millions
For War-torn China

NEW YORK — (Special) — Dr. James H. Richmond, president of Murray State College, has accepted the Murray chairmanship of the United China Relief campaign to raise \$5,000,000 for relief in war-torn China. James G. Blaine, national committee chairman, announced here today.

Intensification of the drive was reported by Mr. Blaine as the result of the successful observance of China Week, May 18-25, during which the desperate plight of the Chinese people was brought to the attention of Americans everywhere.

The national China aid campaign is being supported by local committees in 214 communities, and new local units are being added at the rate of six a day, he said.

In a letter thanking Dr. Richmond for leading the Murray Committee, Mr. Blaine urged the school community to support the local drive by contributing generously to the national \$5,000,000 fund.

"Not until now," said Mr. Blaine, "has the tragic plight of the Chinese people in China come to the attention of America. Literally by hand, the young Chinese students and equipment a thousand miles and more away from the war-ravaged areas, in order to keep the lamp of education burning in Free China."

This, of course, is only one phase of China's desperate need for immediate help from us. After four years of war, she needs medicine, serums, vaccines and antibiotics for her wounded, and food, clothing, and housing for her 30,000,000 homeless who have been bombed from their homes. Nothing should give away a single dollar to Americans than to help provide the human needs of the people of China. In helping China, we are helping ourselves as no world-wide democratic front.

In announcing Dr. Richmond's chairmanship, Mr. Blaine revealed that Evansville, Ind., was the first of United China Relief's local committees to go over the top in achieving its quota towards the national fund. The Evansville committee reached its \$8,000 goal after two weeks of effort and has extended its work until after the national campaign is over.

LIVING FROM THE FARM

by RACHEL ROWLAND
Home Demonstration Agent

One hundred and thirty pounds of butter a year should be consumed by the average family of five members. This is the amount recommended by nutrition specialists at the University of Kentucky.

If bought this would cost the family about \$45.00 but there is little need for the farm family having to buy butter or butter substitutes at any time. With good management and forethought the average farm family should have all the milk, butter and other dairy products needed for optimum health.

Buttermaking begins with the production of milk. Good butter can be obtained only from good, clean-flavored cream. Cream should be kept as cold as possible until time for ripening, when it should be warmed to from 65 degrees to 75 degrees F. and held at that temperature until a mild acid flavor is developed. A dairy thermometer is of much assistance in obtaining good butter and may be bought very inexpensively.

Cream should be churned at such temperature that butter is made in 30 to 40 minutes and is in granules firm but not hard. The churn should be stopped when the butter granules are the size of grains of wheat. After being removed from the buttermilk, the butter should be washed twice in cool water, salted and worked until the salt is evenly distributed. The best butter has a waxy body and bright appearance with uniform color.

Sometimes butter is overworked which gives it a sticky body, dull greasy appearance, and a gummy grain. Underworked butter is mottled in appearance and sometimes gritty because all the salt was not dissolved.

Neither overworked or underworked butter has the appearance, flavor and keeping quality of good butter.

In Police Court

City and county officials Monday arrested Alvin Hicks, of near Model, Tenn., on a charge of automobile theft. When arrested Hicks was using the car which was stolen on Saturday, May 17, and belonging to Hewlett Cooper, Murray.

Hicks is in the County Jail awaiting action of the Grand Jury.

F. C. Hargrove, who has just been released from the Navy, was arrested Monday on a charge of fast and reckless driving of a motorcycle through the business district of Murray. He was fined \$14.85.

Russell Baldree and Leo Cunningham, state highway patrolmen, and Oakland Cunningham, of the city police force, made the arrest.

I am only an average man, but, by George, I work harder at it than the average man.—Theodore Roosevelt.

J. N. Williams Chapter Indorses Mrs. Swann For State President Of UDC

The J. N. Williams Chapter of the United Daughters of the Confederacy had an important meeting at the home of the president, Mrs. H. C. Corn, on Wednesday afternoon, May 28.

The particular purpose of this meeting was to place in nomination and indorse for the distinguished office of president of the Kentucky division of the United Daughters of the Confederacy one of its charter members, Mrs. Warren Stanley Swann. Mrs. Swann and her friend, Mrs. Annie Smith Schroeder, organized the J. N. Williams Chapter at the home of Mrs. W. P. Galtin. A plaque on the beautiful Confederate monument on the east side of the square attests the esteem and recognition due Mrs. Galtin for her devotion to the chapter. With this background and tradition, Mrs. Swann's ability, the chapter is confident of her election at the state convention to be held at Frankfort in November.

Other items attended to at this meeting were the election of officers, and the planning of festivities for the summer.

Miss Jane Seay Weds Victor Furcillo

The marriage of Miss Jane Seay and Victor Furcillo, was quietly solemnized on Wednesday, June 4, at the First Baptist Church in Paris, Tenn., with the pastor, the Rev. A. V. Havens, reading the solemnizing ceremony. The only attendants were Mrs. Mary Frances Johnson and Felix Pettilo.

The bride was attired for her wedding in a dress of navy blue crepe with gold accessories and carried an arm bouquet of magnolias and baby breath. Miss Jones, wore black sheer crepe with white accessories on a corsage of white carnations.

Mrs. Furcillo is the granddaughter of Mr. and Mrs. Lon Seay. She is a graduate of Murray High School and attended Murray State College.

Christian Endeavor Enjoys Supper

The Christian Endeavor Society of North Pleasant Grove on Thursday night, May 22, held a delicious supper on the church grounds.

Presbyterian Auxiliary Meets Tuesday

The Presbyterian Auxiliary met Tuesday afternoon at the home of Mrs. Keith Black with the president, Mrs. R. L. Thompson presiding.

The devotion was led by Miss Cora Graves. Miss Ella Weibing presented a most interesting discussion of the West Indies and the Philippine Islands.

A social hour followed during which delightful refreshments were served.

My Neighbor Says:

To bring out full flavors sprinkle lime juice over honeydew, lemon over cantaloupe and grapefruit over watermelon.

A little olive oil rubbed over paper that has stuck to a polished surface softens paper and makes it easier to remove.

Chocolate stains may be removed from table linen by sprinkling the stain with borax, then pouring boiling water through the linen.

To keep paint fresh in undecorated areas fill them to the top with water after putting the paint on. When needed, pour off the water with care.

If any yolk should get into the white when separating eggs the white will not beat up easily. Remove the yolk with a piece of eggshell. The edges are sharper than a spoon.

Miss Watters' Pupils Present Recital

Pupils of Miss Lillian Watters presented a recital in the Women's Club House on Friday evening, May 31, at 7:30. Those who presented the recital before the music-loving audience are all advanced music pupils of Miss Watters.

The program as presented is: Largo Handel, Billy Jo Caudill, Argonostis, Massenet, Ariene Tucker.

Mrs. E. B. Houston Will Attend Supreme Forest Woodmen Convention in Omaha

One of the most prominent women to attend the Supreme Forest Woodmen Circle convention in Omaha June 22 to 26 will be Mrs. E. B. Houston, Murray, state director of lodge activities and regional committeewoman for Kentucky.

Mrs. Houston will take an important part in the National Institute, which will highlight the 5-day convention, and will be accompanied by a Kentucky delegation consisting of 30 women, including District Manager Lou Whitfield. Mrs. Houston will preside over the Eastern Regional meeting and luncheon, Tuesday, June 24.

The Omaha gathering will also be a celebration of the society's fiftieth anniversary, and more than 4,000 women are expected to attend from practically every state, making it one of the largest fraternal gatherings of the year. Founded in Denver in 1891, the society now has more than 132,000 members in 45 states. It has paid insurance benefits of nearly \$44,000,000, with insurance in force of more than \$105,000,000, an assets totaling nearly \$35,000,000.

During the five days of the Institute in Omaha, many colorful spectacles will be presented, including a parade of more than 1,500 costumed members of drill teams through downtown Omaha, and an evening pageant picturing the society's fifty years of services to its members and to American fraternalism.

The J. N. Williams Chapter, United Daughters of the Confederacy, observed Decoration Day on May 30 by decorating the Confederate monument in the court house square, all Confederate graves in the City Cemetery and a number of Confederate officers who are buried in the City Cemetery.

Even casually grown delphinium are extremely hardy and make satisfactory garden plants, but if given a little special consideration, they reward the grower many times.

Flne plants depend on sun, circulation of air, and a rich, alkaline soil. To maintain a highly alkaline soil condition it is advisable to sprinkle a light snow of agricultural lime over the soil once or twice during growing season. Plants should be planted at least two feet apart.

Old established plants in the garden will begin to bloom in June and will often bloom again in September.

Beauty Aids

By Jean Weeks

The oval face presents less of a make-up problem than the three other types, for there is very little "corrective" work to be done. All that is necessary to carry out the "perfect" oval shape by rouge and powder placement. Always make certain that the rouge does not come closer to the nose than about the center of the eye. If the face is thin, put the rouge still farther back on the cheek to give the illusion of additional width. It also should fade gradually on a line even with the end of the nose.

In applying lipstick for the oval face, use sweeping curves, taking care not to emphasize the bows. If the lips are too thin, carefully shape them to additional fullness. If the lips are too full, use a shadow only closer to the center than the center of the eye.

Mr. and Mrs. Hugh Clark, of Kansas City, were week-end guests of her sister, Mrs. Hubert Dunn, and Mr. Dunn. Mr. Clark returned to his home Sunday, leaving Mrs. Clark for a longer visit.

Edgar Jones, of Milan, Tenn., spent the week-end with his parents, Mr. and Mrs. Curt Jones, and his wife and daughter, who are visiting here.

Mr. and Mrs. Flavius Martin and son, Flavius, Jr., of Mayfield, and Mrs. E. J. Beale left Sunday for Lynchburg, Va., to attend the graduation exercises at Randolph-Macon where Miss Harriet Ditz Martin, daughter of Mr. and Mrs. Martin, is graduating.

Mrs. Jack Frost and son, of Louisville, are visiting her parents, Mr. and Mrs. C. A. Bishop, this week.

Mrs. Harry Wright, of Metropolis, spent several days this week with her parents, Dr. and Mrs. O. C. Wells.

FIRST CHRISTIAN CHURCH

Charles Thompson, Pastor

Sunday Services

Bible School—9:45 a. m. You are cordially invited.

Morning Worship—10:50 a. m. At this service the pastor will speak on "WHAT SHALL WE PREACH TO A WORLD AT WAR?—NEUTRALITY? ISOLATION?" In connection with this service the congregation will be given an opportunity to express itself on this question which is of necessity paramount in the minds of thousands of ministers. On the order of service ballots containing the following questions will be furnished or to him.

1. Shall the preacher make the church a refuge from the war, stressing the topic of peace, hope, love and assurance?

2. Shall the preacher recognize this as a war on Religious Liberty and Christian Ideals and stressing the sterner doctrines, joining the crusade to end the pagan doctrines of the Dictators?

3. Can you suggest a third course superior to either of the above?

If you are unable to attend this service, the pastor would appreciate your answer to these questions by mail, either to your newspaper or to him.

Reverend Mr. Thompson has been assured the cooperation of the press in this section in his attempt to answer for himself and other ministers this important query.

Christian Endeavor—6:30 p. m. Evening Service—7:30 p. m. Prayer Service—7:30 p. m. Wednesday.

ALMO CIRCUIT

THE FAMOUS SPECTATORS

FOUR MURRAYANS ATTEND NATIONAL AAUW MEETING

During the past month four members of the Murray Branch of the American Association of University Women attended the Biennial National Convention of that organization, which was held in Cincinnati. The members who attended were Mrs. A. M. Wolfson, Mrs. John W. Carr, Miss Caroline Wingo, and Miss Ella Wehling. Fifteen hundred members attended from all over the United States.

The theme of the convention was "The American Cause is Again the Cause of the Creative Human Spirit," which no enemy has ever overcome. In all the different aspects of the AAUW program, including education, legislation, social studies, the arts, this theme was stressed.

Miss Erika Mann, daughter of the great novelist Thomas Mann, set the mood of the convention when she stressed the idea that the youth of a nation must be trained for leadership in the kind of world we want to see created; her subject itself was illuminating—"Who has the Youth has the Future."

Mr. Donald Nelson, Coordinator of National Defense Purchases of the National Defense Commission, spoke to the convention viewing them as consumers, and to them he gave three principles of buying in these days of crisis: "Don't hoard; don't buy excessive amounts of anything for fear there will be a shortage; question every sudden and unexplained price rise and exercise your natural right to say no." He was very positive in his remarks that there would be no food shortage or shortage in clothing, as occurred during the last war, but he was also very positive that the civilian consumer sometimes would have to be satisfied with fewer items from which to choose, for instance, wool blankets will be made up in only about eight colors instead of the 30 colors used in the past years.

The Kentucky Association of University Women held its annual convention in connection with the national meeting. Dean Hilda Threlkeld of the University of Louisville was elected president for the coming biennium, and Miss Olive Parrish of Paducah was elected secretary.

One of the most powerful activities of the AAUW is its support of women scholars; during the past 12 years since the fellowship fund was established 44 women from all over the world as well as from this country have received financial aid from this fund, making possible the continuation of their investigations in the most diverse fields of activity. That fund now amounts to \$670,000. The goal now is \$1,000,000.

Notice to All Dog Owners

If your dog acts suspicious of rabies please do not kill it. When you kill the dog you destroy all the evidence. But the dog up for observation. If it has rabies the animal will die within three or four days.

If the dog is killed there is no way of actually knowing whether or not the dog had rabies. Please remember these things if you have a dog that acts peculiar in any way.

Card of Thanks

We wish to express our deepest appreciation to our many friends here and in Detroit, including the ministers, undertakers and floral tributes, who were so kind and considerate in the death of our beloved one, Frank Miller Redden. May God's richest blessings be stored on each of you in your hours of need, is our prayer.

Mr. and Mrs. Arthur Redden and sons,
Mr. and Mrs. Sam Redden and family.

THE JUNE GROOM—

Life is hardly fair to the men. When they're born, the mothers get the compliments—and the flowers. When they're married—the brides get the presents and the publicity. And when they die—the widows get the insurance and the winters in Florida.

Cheerio, men... WE haven't forgotten you! We've shopped the markets of the world to bring you a 'trousseau' fitting for a king, and at prices you can well afford.

Leads Revival

Frank Pack, evangelist of Nashville, Tenn., will conduct the revival at the Murray Church of Christ, at the corner of Sixth and Maple, beginning at the 11 o'clock service Sunday, June 15. The revival services will continue twice daily at 3 p.m. and 7:45 at night.

Mr. Pack will be assisted by Bro. J. B. Cox of Valdosta, Ga., as song leader.

Mr. Pack is a teacher in David Lipscomb College, Nashville, Tenn., and is a successful evangelist. He is a young man with a brilliant mind and a deep student of the Bible.

HUTSON

(Continued from Page 1.)

a fortnight. But when Hutson was appointed Director of the Office of Defense Agricultural Relations the Commodity Credit opening was not anticipated. And to go back to the beginning—J. B. Hutson has weaved his way in and out of many important jobs because he earned his way to the top since he was graduated from the Kentucky State College of Agriculture in 1917.

He worked with the Agricultural Experiment Station in Kentucky for five years and then made a special tobacco study in Europe. Then came the call from Secretary Wallace which eventually put the Kentucky tobacco section of the AAA tobacco section.

Commodity Credit work, Mr. Hutson says, is in his line. Defense Agricultural Relations work was a little intangible, although Mr. Hutson refrains from comment. The job seemed to be to shunt men, farm machinery and supplies around to fill defense needs, and to keep other defense officials aware that agriculture is as vital to the defense effort as the production of planes.

This takes a farmer into the realm of economic theory and politics, and throws him up against business men who are not particularly cognizant of farm problems.

Mr. Hutson says he frankly doesn't know whether he will remain on the Anglo-American Food Commission. It consists of the Secretary of Agriculture and a few of his assistants, together with British representatives who are trying to sift overlapping British and American demands. Britain wants dehydrated commodities and concentrated foodstuffs because these require only limited cargo space. But our use of such goods is still in the experimental stage. Huge quantities of food-including tobacco—are already being shipped under the Lease-Lend Act.

Mr. Hutson says. But he can't reveal the amount.

Looking forward, the Kentuckian observes that Commodity Credit work is perhaps less directly connected with defense, but is just as important.

Miss Isabel Cain of Mayfield visited friends in Murray last week-end and attended commencement exercises at Murray High School.

Richmond Speaks At Memorial Day Celebration

It is being acclaimed by many of the approximately 4,000 visitors who attended the memorial day celebration at Fort Donelson May 30 that it was the most beautiful and impressive ceremony yet held on the famous battle-field.

Each of the speakers, Professor Earl Sexton, immediate past president of the Stewart County Chamber of Commerce, welcome address; Prof. James H. Richmond, president of Murray State Teachers College, Murray; and General James W. Rice of Dover, appropriately and impressively portrayed the nation's heroes.

By reviewing the history of our national life and honoring our nation's dead, each finishing by reviewing the part we have to play in the argic drama that seems near—each enthusiastically declaring that America will play the role of glorious victory as she has done in all the grim emergencies which have forced her to play in the past.

Dr. Sam Dorfman Leaves Murray for New York City

Dr. Sam H. Dorfman, popular young veterinary surgeon, leaves today for New York City where he will be employed by the United States Bureau of Animal Industry as a Junior Veterinarian.

Dr. Dorfman has practiced his profession here in Murray for nearly two years, coming here in October of 1939. He is a graduate of Alabama Polytechnic Institute.

In leaving Murray, Sam, as so many people call him, is leaving a host of friendships that he so easily formed in his brief stay here.

In parting he said he hated leaving his friends and the splendid practice he has conscientiously built up, but, since New York is his home, he felt that he was doing the right thing.

CALLLOWAY COUNTY CONSERVATION CLUB

As a special plea to owners of bird dogs, our club calls your special attention to the law prohibiting bird dogs running loose between the dates of May 15 and August 15.

Any bird dog owner should have knowledge of this law and should abide by it as a sportsman and citizen, as it was passed after due deliberation for the protection of quail during the nesting season.

PLEASE keep your bird dogs tied up or fenced in during this period.

Lovett Is Memorial Day Speaker at Hopkinsville

Joe T. Lovett, executive director of Mid-South Chain Store Council and past state commander of the American Legion, was the principal speaker for the Memorial Day celebration held in the city cemetery at Hopkinsville-Friday.

The celebration was held under the auspices of the Hopkinsville Legion post. The day started with a parade which ended at the cemetery.

Judge James Higgins of Hopkinsville introduced Mr. Lovett who used as his theme "The Origin and Symbol of Memorial Day."

"Now as never before is the purpose of this day, started in Columbus, Miss., by women of the South in 1866 to honor both Northern and Southern soldiers, realized in an effort to effect national unity needed," he said.

"We must stand united against the forces that would tend to separate us from within and thereby weaken our efforts to make democracy the force for good that it is."

E. L. Housden Makes Announcement

Four years ago I promised the people of my District that I would make the race for Magistrate. For personal reasons I withheld my name until this year's Primary. Now, I feel that it is time to make the appeal to my friends and neighbors for this support for a position that some people may think unimportant.

Your Magistrate is an important official. He has complete control of all the Road Funds that are allocated to your District. Your Magistrate should see that they are divided equally and all of it spent in his District.

I promise that I shall spend the money that is appropriated to the Murray District equally and without favoritism.

I realize that my announcement is appearing a little late, but I assure you that I am making this race in deadly earnest. I shall hold to see a single voter in the Murray District. Please consider this as a personal appeal for your vote and consideration on August 2, 1941.

Respectfully submitted,
E. L. HOUSDEN

Opal Housden Makes Announcement

To the Voters of Brinkley Magisterial District:
I take this method of announcing my candidacy for endorsement as your Magistrate subject to the Democratic Primary of August 2, 1941.

In the short time that I have served in filling out the unexpired term of your former Magistrate, I have faithfully tried to look after the duties of the office.

I believe it is only reasonable and fair to ask that I be given a chance to serve you as a regularly elected Magistrate and I shall do my best at all times to show my appreciation for your confidence in giving a fair and impartial administration the voters have a right to expect.

Very respectfully,
OPAL HOUSDEN
